INSULPLANK II

50 SERIES INSULATED VINYL SIDING

Replicates the look of fiber cement, with a 6" profile in long lasting and maintenance free vinyl. With Fullback® Thermal Support, InsulPlank II helps reduce energy loss from thermal bridging and forms a tight weather resistant bond with an R-Value of 2.44. The strength of InsulPlank II is designed to withstand hurricane-force wind, provides additional impact resistance and adds rigidity to ensure panels lay straight on the wall. Added insulation also helps block outside noise.

Performance Features:

-  **INSULATED**

Due to the printing process colours may not be exactly as shown. Please refer to actual siding samples before making final decisions. Inquire with your distributor to confirm colours and products

SIDE WITH THE FACTS

5 Reasons Vinyl Siding Remains the Top Home Exterior Design Choice!

Did you know? Vinyl siding is the primary cladding material on nearly one third of all new homes built.¹

1

BOOSTS CURB APPEAL

The colours of Mitten vinyl siding are certified through the Vinyl Siding Institute (VSI) Product Certification Program for colour retention.

It's unmatched selection of profiles, shapes, textures and colours makes vinyl siding ideal for any home renovation.

Those who re-sided their homes with vinyl siding recouped more than 78% of that cost when selling.²

2

NEVER ABSORBS WATER

Mitten by Ply Gem vinyl siding is Weather Resistant, Fade Resistant and Insect Resistant.

3

NEVER REQUIRES PAINTING

Requires no painting or caulking, just simple cleaning with a garden hose.

Vinyl siding is third-party tested and certified for quality and colour retention. The colour is inside the product not on top of the surface so it does not crack, peel or fade.

4

HIGH PERFORMANCE

Mitten by Ply Gem vinyl siding is virtually indestructible and resists wind speeds up to 195 mph/ 313kph.

5

PEACE OF MIND

Mitten by Ply Gem vinyl is backed by industry-leading warranties that last the lifetime of a home and transfer to the next owner.
